

Coral Disease and Health Workshop, April 26 – 29, 2004

Radisson Hotel, 517 Grand Canyon Drive, Madison, WI 53719

608-833-0100

AGENDA

April 26, Monday: Evening Reception and Registration, 7:00 p.m. Radisson Hotel, Odana Room

April 27, Tuesday: Plenary Session Odana Room A, B, C

07:00 – 08:00 Breakfast, Odana ABC

08:00 – 08:15 Leslie Dierauf: Welcome by NWHC Director

08:20 – 08:40 Cheryl Woodley: History and goals of Coral Disease and Health Consortium and the goals of this workshop.

08:45 – 09:00 Shawn McLaughlin: The International Registry of Coral Pathology

09:05 – 09:30 Thierry Work: Diagnosing Coral

09:30 – 09:55 Break

10:00 – 10:25 Lou Sileo: The process of diagnostic wildlife pathology

10:30 – 10:55 Pam Parnell: Basic medical terminology as it applies to coral

11:00 – 11:30 Andy Bruckner: Review of the gross lesions of coral diseases and further development of a nomenclature for describing gross lesions of coral

11:30 – 12:30 Lunch, Grand Canyon Room

12:30 – 02:00 GROUP DISCUSSION to further develop a nomenclature for describing coral lesions

02:00 – 02:30 Break

02:30 – 03:45 GROUP A: Discussion of a process to name new coral diseases
GROUP B: Tour of NWHC

03:45 – 05:00 GROUP A: Tour of NWHC;
GROUP B: Continue discussion of a process to name new coral diseases.

05:00 – 05:15 Review accomplishments of the day and clarify the goals and meeting locations of each Breakout Group.

05:15 – ?? Pathologist's colloquy. Opportunity for pathologists to discuss histopathology.

April 28, Wednesday: Break Out Groups

See table for times and locations

07:00 – 08:00 Breakfast, Oakbrook and Grand Canyon Room C

08:00 – 12:00 Breakout Groups

12:00 – 01:00 Lunch – Restaurant

01:00 – 05:00 Breakout Groups

05:10 – 06:00 Group Leader Preparation Time

06:00 – Group Dinner

Breakout groups will establish diagnostic criteria for designated diseases. Each discussion group will include an assigned field expert, lab expert, pathologist, facilitator and recorder. The field expert will review information relevant to diagnostic criteria and, when possible, suggest tentative diagnostic criteria.

Wednesday, April 28			
Breakout I	Room Grand Canyon C	Breakout II	Room Oakbrook
08:00 – 09:10 White Pox	F Jim Porter M Katy Sutherland P Taylor Reynolds Shawn McLaughlin	08:00 – 09:10 Aspergillosis	F Esther Peters M Garriet Smith P Esther Peters Mohamed Faisal Pam Parnell
09:20 – 10:30 White Band	F Caroline Rogers P Esther Peters John Bythell Taylor Reynolds,	09:20 – 10:30 Mechanical Lesions	F Robin Bruckner P Pam Parnell Frank Morado
10:40 – 11:50 White Plague	F Laurie Richardson M Garriet Smith P John Bythell Frank Morado Mohamed Faisal Shawn McLaughlin Val Bochsler	10:40 – 11:50 Growth Disturbances	F Esther Peters, Thierry Work P Pam Parnell
12:00 – 01:00	Lunch – Basie's, Lower	12:00 – 01:00	Lunch – Basie's, Lower
01:00 – 01:50 Black Band Disease	F Debbie Santavy M Laurie Richardson P Thierry Work Pam Parnell Frank Morado	01:00 – 01:50 Yellow Band, Blotch	F Garriet Smith M James Cervino P Esther Peters Taylor Reynolds Mohamed Faisal Shawn McLaughlin
02:00 – 02:50 Red Band Disease 1	F Laurie Richardson P Thierry Work Frank Morado Val Bochsler	02:00 – 02:50 Dark Spot Disease	F Ernesto Weil Garriet Smith P Mohamed Faisal Shawn McLaughlin John Bythell
Red Band Disease 2	F Andy Bruckner P Thierry Work Taylor Reynolds		
03:00 - 03:50 Bleaching	F Andy Bruckner P Esther Peters John Bythell Pam Parnell		
04:00 – 05:00	Group leaders preparation time		
05:10 – 06:00	Pathologist Colloquy		
		KEY F Field Expert M Microbiology Laboratory Expert P Pathologist	

**April 29, Thursday Plenary Session
Grand Canyon Room A & B**

07:00 – 08:00 Breakfast, Grand Canyon Room A & B

Breakout Group leaders will report the proposed diagnostic criteria, report data gaps, and where future research is needed.

08:00 – 08:30 Summaries: White Pox, White Band, and White Plague

08:30 – 09:00 Discussion of the adequacy and practicality of the proposed criteria

09:00 – 09:30 Summaries: Black Band, Red Band I, Red Band II, and Bleaching

09:30 – 10:00 Discussion of the adequacy and practicality of the proposed criteria

10:00 – 10:30 Break

10:30 – 11:00 Summaries: Aspergillosis, Mechanical Lesions, and Growth Disturbances

11:00 – 11:30 Discussion of the adequacy and practicality of the proposed criteria

11:30 – 12:00 Summaries: Yellow Band, Blotch, and Dark Spot Disease

12:00 – 12:30 Discussion of the adequacy and practicality of the proposed criteria

12:30 - 01:00 New Discoveries. Open forum for people to discuss recent discoveries; conditions missed not included in the breakout sessions and new emerging coral diseases.

01:00 Lunch. Grand Canyon Room C

Adjournment
